W. C. Davis, one of Iowa's prominent and well fixed citizens, is in Texas prospecting and has decided to make the Lone Star state his home, and yesterday placed an order with a prominent realty firm in this city to purchase within fifteen miles of this city land for the purpose and upon which he will establish a fine stock farm. He wants to be near Fort Worth.

Mr. Tom Andrews is back from an extended trip to New Mexico and Colorado, and points in Texas up the Denver road. He and Mr. Ed Maron of Montana have been shipping out the last of recent, purchases of 2000 head of feeders for Montana ranges, and in the early part of last week there occurred a wreck of a cattle train at Watervale, near Folsom, N. M., and 100 of the cattle killed and fifty wounded. This was on the Union Pacific system, and advices were immediately telegraphed the general officers at Denver, and upon the arrival of Messrs. Andrews and Maron at Denver the claim was settled, and in cash, within forty minutes from the time of meeting the officers. This is indeed a quick piece of work, and Mr. Andrews is justly enthusiastic in his praise of the Union Pacific officials. He has many good words to say of the manner in which they treat cattle shippers. Mr. Andrews also speaks encouragingly of the bivesteek in the sections he Mr. Andrews also speaks encouragingly of the livestock interests in the sections he has visited in the last three weeks. up to date.

J. C. Loving said yesterday, after talking of the cattle condition and outlook, that Jack county farmers were in excellent spirits and were prospering—the small grain crop, and a good one, was made, corn and cattle give every evidence of coming and cotton give every evidence of coming around on good time. Jack county farm-ers, he said, don't depend altogether on farming, but each has a few cattle-some a great many-that they dispose of at the proper time. They have had spiendid rains he says, and grass is the best

If the markets were receiving only such cattle as are generally marketed in May the lower grades would not be included in the quotations. Even common cattle are ne so low as last year, while good cattle las year did not sell above \$4.15, except in on otable instance, when \$4.70 was obtained National Livestock Reporter.

Albany Shipments.

Special to the Gazette. ALBANY, TEX., June 5.—A train of fine beef cattle was shipped from here to-day for the Chicago market. The shippers were Reynolds Bros., Edward Stephens and Green Cheatham. Cattle are getting in Green Cheatham. Cattle are getting in spiendid condition and a large number of fine beef cattle will be marketed from here this month. Several good trades are reported. Mr. Arthur Quill has just finished delivering to Messrs. C. H. Ray & Bro. of Ranger the 500 head of two-year-old heifers which he recently sold them. The price received was \$8.50.

Bringing Better Prices.

Special to the Gazette. DOANS, TEX., June 5 .- Grass is fine and cattle are fattening very fast and are bring-ing good or better prices here on the range than for several years. One sale of three-year-old steers was made at \$20, and a sale of vearlings at \$9 per head, which surely is encouraging, and the consequences are everybody is happy.
